

October 2-5, 2023

2nd Instructional Course for
**FACIAL PARALYSIS
RECONSTRUCTION**

第二屆顏面神經麻痺重建現場手術示範及講座國際研討會
Chang Gung Memorial Hospital Linkou Medical Center, Taiwan

Dear Friends and Colleagues around the world,

Sincere greetings from Taiwan! On **October 2nd – 5th, 2023**, the peripheral nerve reconstructive surgery team of the Department of Plastic and Reconstructive Surgery in Chang Gung Memorial Hospital, Linkou, Taiwan cordially invite you to join the **2nd Instructional Course for Facial Paralysis Reconstruction**. It is a three-day meeting, including 12 live surgeries starting in the morning, combined with more than 20 lectures in the afternoon. We have invited 11 international (6 from Europe, 2 from USA, three from Asia) and 6 domestic (3 plastic surgeons, 2 ophthalmologists and one neurosurgeon) experts, involved in live surgeries, lectures and discussion. Live surgeries and presentations will focus on renowned surgical techniques critical to smile reconstruction (nerve transfers, functioning free muscle with different neurotizers, and local muscle transfer), and ancillary procedures that are crucial for facial palsy such as eye closure, corneal sensitization, and lip asymmetry correction. Participants will be able to watch 3 – 4 live surgeries simultaneously with experts and moderators, and participate in live discussion.

We live in the age of unlimited access to knowledge via e-books, online webinars, and traditional conferences. *However, unique instructional courses that focuses specifically on facial palsy reanimation, with specific emphasis on live surgeries and in depth discussions are once in a lifetime experience.* We have made a tremendous effort to gather world renowned experts around the globe to come to our beautiful Taiwan for a very exclusive course that we believe can help your clinical practice and research. We sincerely invite you to come join us to learn from each other and have fun.

The first early bird time is before July 1st, 2023, with a \$200 discount. Please don't miss this great opportunity to join.

Sincerely Yours,

David Chwei-Chin Chuang, MD
Tommy Nai-Jen Chang, MD
Johnny Chuieng-Yi Lu, MD, MSCI
